

Yes, I'm at it again.

As you may or may not be aware of, I, your fair and sometimes honest curator of this fine site, have released a novel. The novel, The Godslayer, is a work of fiction (duh) following the life and times of a fighter by the name of Alek Turner who was at one time one of the best fighters in the world before age caught up with him. It takes a look inside of the mind of a fighter who was at one point on top of the world and is now rapidly-approaching his 40s and is seeing his legacy go up in flames along with his family.

He's given one last shot at glory to return to the ring to face an old nemesis, but along the way discovers what he had been missing by spending time with his children. He is faced with some tough life decisions and you get an inside look into his mind and the machinations of the MMA world.

The Godslayer was just recently <u>featured on MiddleEasy.com</u> and should shortly be appearing in some other publications as well. For those with an eReader, you can purchase the <u>DRM-free Kindle edition</u>
