Jerome Le Banner is just hours away from a showdown with Tim Sylvia in the pro wrestling ring at Genki Desu Ka. There's a good chance some real violence will break out. Just yesterday though, Jerome laid some real violence on Andrei Kirsanov in Pattaya, Thailand, part of the "Le Banner Tour" put together by Orange Sport. And why not? Take a not too hard fight, get paid, wrestle the next day, get paid again. Sounds good to me. Check out the video.
