So Tyrone Spong finally made his MMA debut this weekend at the World Series of Fighting's inaugural event. WSoF is headed up by Ray Sefo, whom you should all know, so there is no surprise that this is where Kickboxing and Muay Thai fighter Tyrone Spong decided to make his debut. Spong fought, well, some dude named Travis Bartlett that we give all of the credit in the world to for stepping into the ring with Tyrone, but yeah. This was what it was. Watch it and marvel at why Tyrone hasn't been super active in Kickboxing.
